[Intro]

Got Dinamo tatted on my chest, oh!
Haha, I'm in Latvia!
4466 miles away from home but it feels like home,
Thanks for letting me visit and making me feel so
welcomed,
This one's for y'all,
Romy, Eli, Rolly, Karina, Rolands, let's go!

[Verse 1]

From the YUL to the RIX,
Let me take you to a place you haven't been to yet,
Allow me take you to a journey through LV,
In the heart of Old Riga, just follow me.
A tour in a museum to learn your roots,
to understand all the changes since World War II,
Though times get hard, smile pass the misery,
The crisis is over, let's overcome poverty,
You're really sky high when you're up in the Lo¾
and you can feel the battles fought of the souls that
have lost,
After learning the history, I now feel free when
I'm looking out the windows of the Holy Trinity,
With your permission, after crossing six bridges
I'm gonna put a lock on the seventh like tradition,
That red and white flag, wave it side to side,
Stand on both feet and show the world your pride.

[Hook]

L is for Love that I have for the city,
A for Ambitious and I know you're all with me,
T 'cause we simply play on the same Team,
and every single person here shares the same dream.
V for the wonderful Values in this country,
I for Incredible things you've done for me,
A 'cause we're Awesome, need I say more?
Now put your hands up and jump from the floor.

[Verse 2]

Now back in Jelgava, chilling with my new friends,
Riding shotgun in a Beamer and Benz,
Like a hedgehog, you know what they say?

Don't fuck with me, okay?!
Everywhere we go, our jeans are never empty,
Every single night, bottles are always on me!
You can catch us ball every place we go,
As we sit on a table in restaurant Lido,
European drifting on the slippery roads,
Going out for a smoke even though it's cold,
Seaside, eating pizza, Ronalds and me,
Like a motherfucking boss at the Baltic Sea,
My boy Rolands with the crib near the Mini Zoo,
Now time to pick up some beers proudly brewed,
Chilling live now with The Overseas Girl,
Drinking with Karina, now our heads start to twirl.

[Hook]

[Verse 3]

Sveiki, Hello, mani sauc Romy,
Viens, Jā, it's my first time in LV,
Divi, Boss Ladies that I'm rolling with,
Trāks, Starburst as a sweet gift,
Āetri, a new language I know now,
Pieci, we stand out in a crowd,
SeĀi, shots for me and the boys,
SeptiĀti, drunk days of making noise,
AstoĀti, everybody's still sleeping,
DeviĀti, time to wake up, shit,
Desmit, breakfast, everybody's eating,
Paldies, Lādzu, I'll leave the tip,
Labrāt, it's time for the sun to rise,
Labdien, cold, but it's nice outside,
Labvakar, drunk on a full moon,
Uz redzĀianos, I'll be back real soon!
