Hey... listen to the words of romeo...

You need this in your life (yeah) come here
Romeo santos

I'm gonna give you instructions
You're gonna follow my lead
Your body's making sounds like percussions
I'm orchestrating your fantasies
Chorus

And when you wake up feeling like a dream
You is not gonna believe it...
And everything u need...
Girl tonight you're gonna receive it
And I know your condition
I'ma make you feel alive
Relax and feel the ride

So act like it's the last ride
The last chance for you to go there

Just one ticket left
And girl it's for you baby
The last ride, because you wont
Find this feeling nowhere
You better hurry because the train is leaving

Alll aboard (montate mommy)

These words I use as persuasion
I do not got a reason to speak
It's always a special vacation
Every time you're laying with me
Chorus:

And when you wake up feeling like a dream
You is not gonna believe it...
And everything you need...
Girl tonight you're gonna receive it
And I know your condition
I'ma make you feel alive

So act like it's the last time
The last chance for you to go there
Just one ticket left
And it's for you baby
The last ride, because you wont
Find this feeling nowhere
You better hurry because the train is leaving

All aboard
Lil wayne

She want to ride that train wayne
So I'ma bag her like baggage claim
That smoke you mary jane and I plane
And everything is just fine
I keep a picture of her smile
In the back of my mind
I grab the back of her head
She throw it back like rewind

I put her face in the pillow
Taste it a little
Shorty said she feels like
She sitting on a missile

I say 5, 4, 3, 2
Can only be the one you
Shorty said oh lord I'm coming
I say me too
My love has no equal,
Get on top
And if you ride this train
Get off at your stop
Chorus (romeo santos)

This is the last time
The last chance for you to go there

Just one ticket left
And girl it's for you baby
The last grind, and you will not girl
Find this feeling nowhere
You better hurry because the train is leaving
