didn't go nowhere, never left uh  
you really thought that i was  
gone (gone gone gone)  
i heard you talking like i lost my swagger  
said i was over you were  
wrong (wrong wrong wrong)

i'm always improving  
always on the move and  
working on my flow  
to take it to the studio  
this is not a comeback  
following my own path  
laying down the fat tracks  
still a music maniac

whoaaa  
well i know that i'll make it  
never put my head down  
t-t-turn it up loud  
yeahhhh  
cause i don't have to fake it  
if i keep on working it  
a billion hits is what i'll get

whoa-o-o-o-oh  
that's what i'm gonna get  
whoa-o-o-o-oh  
that's what i'm gonna get

yeahhhh  
cause i know that i'll make it  
overload the internet  
a billion hits is what i'll get

(music plays, beats)

a billion hits is what i'll get

now you can't breathe  
why so quiet  
no you don't believe your  
eyes (eyes eyes eyes)  
you pushed me till' i had to  
start this riot, now i'll never be

denied (-nied -nied -nied)

i'm always improving  
always on the move and  
working on my flow  
till' ya hear me on the radio  
i know i can be a star  
take off like a rocket car  
everyday i'm working hard  
to get my name on every chart

woahhhh  
welk i know that i'll make it  
never put my head down  
t-t-turn it up loud  
yeahhh  
cause i don't have to fake it  
if i keep on working it  
a billion hits is what i'll get

wooooahhhh  
that's what i'm gonna get  
wooooahhhh  
that's what i'm gonna get

yeahhh  
cause i know that i'll make it  
overload the internet  
a billion hits is what i'll get

(music)

call someone  
i think this is an emergency  
hey  
pull the plug  
austin's blowing up my pc  
every hour day and night  
can't get this rocker out my site (site-site-site)

you can't get me outta your site  
you can't get me outta your site  
you thought that i was gone  
guess that you were wrong  
cause i just wrote your new favorite song

woooahhhh  
well i know that i'll make it  
never put my head down  
t-t-turn it up loud  
yeahhh  
cause i don't have to fake it  
if i keep on working it  
a billion hits is what i'll get

whoa-o-o-o-oh  
that's what i'm gonna get  
whoa-o-o-o-oh  
that's what i'm gonna get

yeahhh  
cause i know that i'll make it  
overload the internet  
a billion hits is what i'll get
