Oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh
I know it's on when I can't stop myself from watching
you mo-o-o-ove
It's automatic, gotta have it 'cause you got that boom-
da-boom-boom
When the lights come up, it's hard to hold back
So come on, let it blow

Can you feel it?
Coming down, down, down
Can you feel it?
Coming down, down, down
Move it faster, stronger, harder
Move it faster, stronger, harder
Can you feel it?
Turn it up, up, up
Can you feel it?
Turn it up, up, up
Can you feel it?
Turn it up, up, up
Can you feel it, feel it, feel it?
You're so electric, I'm affected and I just can't hi-i-i-ide
The way my heart is jumping for you, beating double
the ti-i-i-ime
When the lights come up, it's hard to hold back
So come on, let it blow

Can you feel it?
Coming down, down, down
Can you feel it?
Coming down, down, down
Move it faster, stronger, harder
Move it faster, stronger, harder
Can you feel it?
Turn it up, up, up
Can you feel it?
Turn it up, up, up
Can you feel it?
Turn it up, up, up
Can you feel it, feel it, feel it?

Hey, hey
Put your hands up and get it rocking
Hey, hey
Show the whole world we're never stopping
Hey, hey
Put your hands up
We're lighting up the sky tonight, tonight

When the lights come up, it's hard to hold back
So come on, let it blow

Can you feel it?
Turn it up, up, up
Can you feel it?
Turn it up, up, up
Can you feel it?
Turn it up, up, up
Can you feel it, feel it, feel it?
