Last summer we met.
We started as friends.
I can't tell you how it all happened.
Then autumn - it came.
We were never the same.
Those nights everything felt like magic.

And I wonder if you miss me too.
If you don't, it's the one thing that I wish you knew.

[Chorus:]

I think about you every morning when I open my eyes.
I think about you every evening when I turn out the lights.
I think about you every moment, every day of my life.
You're on my mind all the time, it's true.

How long 'til I stop pretending
What we have is never ending.
Oh, oh, oh.
If all we are is just a moment,
Don't forget me because I won't and
I can't help myself.

I think about you, ooh, ooh.
I think about you, ooh.

[Chorus]

I think about you every morning when I open my eyes.
I think about you every evening when I turn out the lights.
I think about you every moment, every day of my life.
You're on my mind all the time, it's true.

I think about you, you, you, you, you.
