We walked around, was a Friday night
I'm not sure how we got in town,
I wanted to, then we said goodbye
cause i'm not like that

We waited out for what seemed like hours
I'm not sure why i stand my ground,
but that idea, can just wait tonight
cause I'm not like that

I never wanted a tragedy
I always thought it'd be you and me
But it's alright, cause we're in town for one more night

The salty air and the midnight sun
the lights they say we're not quite done
so we walk on into the night
cause i'm not like that

I try to think of some reasons why this feeling stays
while others die
we'll make it up, but just not tonight
cause i'm not like that

I never wanted a tragedy
I always thought it'd be you and me
But it's alright, cause we're in town for one more night

I never wanted it to come to this
the consequences of a lonely kiss
but it's alright, cause we're in town for one more night

And I shouldn't even have to say I need this,
cause you're right here, but that's not how this night
was meant to be
And this i know

I never wanted a tragedy
I always thought it'd be you and me
But it's alright, cause we're in town for one more night

I never wanted it to come to this

the consequences of a lonely kiss
but it's alright, cause we're in town for one more night
