I was yours I could'nt get any closer
I was yours I could'nt see your heart
Underneath and over me
My heart was yours
And now we're moving in this burning car

We're falling theres no way to stop us
My actions only made the hole deeper

And now we're moving x 3
In this burning car

I'm driving with my eyes shut
I'm on the wrong side of the road
I've been here for a while now
You're in the trunk of my car
I can't stop laughing
We had good times fun times
I hate that is came to this
I hate that is came to this
I hate that is came to this

And I can hear you say it's not my fault
But if I knew one thing I knew that
It's getting hot in here
And I can feel your fear
Cuz now we're moving in this burning car

So tell me how you want us to be
I need you can't you see im trying for you

And now we're moving x 3
In this burning car

I'm driving with my eyes shut
I'm on the wrong side of the road
I've been here for a while now
You're in the trunk of my car
I can't stop laughing
We had good times fun times
I hate that is came to this
I hate that is came to this

I hate that is came to this

I'm free
I'll get over this
You're almost making me do it
I won't panic
This will be good for us
So you can see me everyday

And now we're moving x 3
In this burning car

And now we're moving x 3
In this burning car

I'm driving with my eyes shut
I'm on the wrong side of the road
I've been here for a while now
You're in the trunk of my car
I can't stop laughing
We had good times fun times
I hate that is came to this
