"You Can Do Anything"

Don't ever stop givin' up
Even when you're out of luck
Remember when you get stuck
You can do anything

With courage and confidence
You'll jump over any fence
To worry makes no sense
'Cause you can do anything

Anything, anything
Anything you do can change your point of view

A lemon got so dismayed
Until he made lemonade
That's how dreams are made
You can do anything

Anything, anything
Show your friends that you know just what to do
Anything, anything at all
Can make you feel you're ten feet tall

It's simple as A B C
A quitter I'll never be
It's up to you and me
'Cause we can do anything, anything

We can do anything
We can do anything
We can do anything
We can do anything
We can do anything
