Call me insane they may  
For leaving all I have,  
But he took a part of me,  
So I shall take him down.

Rage born from defeat  
Is feeding a grand obsession.  
Hate blows in my sails  
N' makes sure I carry on.

Seeker, traveller,  
Enemy whom dares though warned.  
Seeker, traveller,  
Enemy whom dares though warned.

The light I had in life,  
Is left on darkened shores.  
Forgotten 'cause of the bitter grief.  
Exchanging love for loathe.

Chorus

Invaders  
This chase is lost  
Your hunt is but futile, -  
Your life is the cost  
Bring you down, take you under  
You are in my domain  
I will see the calm be dead again

Heeling, creaking, flooding, under the weather and  
underneath the waves.

Thank you dear captain for giving us a cold, wet grave.

Seeker, traveller  
Seabeast, traveller, entity; you stood your ground.  
Seabeast, traveller, entity; you rose and won.  
Seabeast, traveller
