(Verse)

Iâ€™m on my knees, begging please  
Teach me how to love like my mother baby  
She loved him every day, thick and thin  
She loved daddy like crazy

(Verse)

I would kill, I would steal  
Have a feel, have a heart like my brother  
Heâ€™d run from life, wonâ€™t think twice  
Give his life to fight for his baby mama

(Pre-Chorus)

See if I could love  
Donâ€™t you think that Iâ€™d love somebody?  
If I could trust  
Donâ€™t you think that Iâ€™d let you touch me?  
Teach me to love  
I hope thereâ€™s still hope for me  
â€™Cause I wanna love  
I wanna love

(Chorus)

More than anything  
More than anything  
Teach me everything  
I wanna love

(Verse)

I wanna feel your kiss  
Oh I mean really feel it  
What I would give  
To say you didnâ€™t really mean it

(Verse)

I wanna ride over that  
And the kids on television  
God knows I try  
God knows I try

(Pre-Chorus)

See If I could love  
Don't you think that I'd love somebody?  
If I could trust  
Don't you think that I'd let you touch me?  
Teach me to love  
I hope there's still hope for me  
'Cause I wanna love  
I wanna love

(Chorus)  
More than anything  
More than anything  
Teach me everything  
I wanna love

Don't you leave me  
Don't you leave me

(Chorus)  
More than anything  
More than anything  
Teach me everything  
I wanna love

If I could love  
Don't you think that I'd love somebody?  
If I could trust  
Don't you think that I'd let you touch me?  
Teach me to love  
I hope there's still hope for me  
'Cause I wanna love  
I wanna love
