You know that it's the truth, cos I couldn't lie to you.

Now you're asking me for proof, but I have thought this though.

You're asking me to lie and I know exactly why, but I haven't thought this.

Through.

And I haven't got that far, and those marks are gunna scar.

And it'll hurt like hell but.

I haven't seen that light, but it's never seemed this bright.

I think one day I. I think one day I.

I know it sounds absurd and I know I sound disturbed.

And I know it cos you said so.

So you'll take another drink,

But I'm drowning as I sink,

And it's further than you'd think.

And I haven't got that far, and those marks are gunna scar.

And it'll hurt like hell but.

I haven't seen that light, but it's never seemed this bright.

I think one day I. I think one day I.

I'm through standing on the edge. So I'm

jumped now off this ledge.

And I'm drowning as I sink but it's further than
you'd think.

You're asking me to lie. And I know exactly why.

But I'm drowning as I sink, and it's further than
you'd think.

And I haven't got that far, and those marks are
gonna scar.

And it'll hurt like hell but.

I haven't seen that light, but it's never seemed
this bright.

I think one day I. I think one day I.
