[Music & words: Mat Sinner & Magnus Karlsson]

I've never lost my faith in you
After all that we've been through
Well I could lose control
As you touched my lonely soul

I can't pretend that I don't care
In The end it wasn't fair
I heard every word you said about me

When we will win, we may be losers
... Nothing will ever change my mind

There will be rain after sunshine
There is no spark without a flame
I will be there when you need me
You & me - Don't walk away

I never thought that this could happen
Even the world has changed for me
There will be a final sunrise
You make it real for me

I thought I'd never fall again
Within my heart are memories
Mistakes so many done before and again

There will be a time
When you will find someone
Turning your whole life up & down

There will be rain after sunshine
There is no spark without a flame
I will be there when you need me
Don't walk away

I see your face in the sunrise
I will be there for you in the dark
As we danced in the moonlight
You and me
Baby please don't walk away

I've never lost my faith in you
After all that we've been through
Well I could lose control
You touched my lonely soul

There will be rain after sunshine
There is no spark without a flame
I will be there when you need me
Don't walk away

I see your face in the sunrise
I will be there for you in the dark
As we danced in the moonlight
You and me
Baby please don't walk away
