She walks around my block every Tuesday
She turns the corner not even noticing me
Don't know why I even pay attention
The glimpse of her drives me insane

My feelings go unknown
I wish she knew my name
And now I just run into her at the store
Or even better can she walk through my door

[Chorus]

I wish she knew she's got me going crazy (going crazy)
And I wish she knew how much she blows my mind
(blows my mind)
And I wish I was ?still? like nothing
Maybe then she'll notice me
And I I wish I didn't only have to dream the dream
I wish she had these feelings for me

I'm at the mall going for a stroll
Look up, she's there, she's only going up
Bump into her now here's my chance
My tongue is tied
I pray to God

My feelings go unknown
I wish she knew my name
Can I just take you out some time?
To dinner and a movie, would you mind?

[Chorus]

I wish she knew she's got me going crazy (going crazy)
And I wish she knew how much she blows my mind
(blows my mind)
And I wish I was ?still? like nothing
Maybe then she'll notice me
And I I wish I didn't only have to dream the dream
I wish she had these feelings for me

Or maybe I'll write her a letter and tell her that I love her
But what if she tells me that she already has another?

And now I'm thinking to myself, I
Need no one else to make me feel the way that you do
And you're the only girl I've ever loved
And you're the only girl that I dream of

[Chorus]

I wish she knew she's got me going crazy (going crazy)
And I wish she knew how much she blows my mind
(blows my mind)
And I wish I was ?still? like nothing
Maybe then she'll notice me
And I I wish I didn't only have to dream the dream
I wish she had these feelings for me
