So Barry, the fuckin prick,
Busts into my office. And he comes in, he's stormin,

And he's runnin around saying hey man I want my
fuckin
Royalty check man I want

My money right now

Man I says listen HEY!

We had a fuckin contract aight we had a deal

So he storms more and I says hey listen aight?

I pull out my fucking gun,
I go into my drawer, I pull out my gun, and I look

Him in the eye and says hey you don't fucking scare
me man.

So I hit him,

BOOM! BOOM! put him on the fuckin floor man don't
you
Fuckin come in here man

Who the fuck do you think you are?
