(Coast to coast, coast to coast)
Sammy Adams (Coast to Coast)
Coast to coast

Lifestyle switching, the illest up in the business
I'm hoping to make a killing
Get at me, get at me
Going coast to coast
Going coast to coast
We going coast to coast
Coast to coast

I'm not being mean, just being me
Costa, Sinatra, get on my team
Girls see me say "OMG"
He's back on flights going overseas
Not rich but aspire to be
Got a new Bentley but my swagger cheese
Rather be an act with a pound of trees
Never been down and you cannot see
Girl problems, you think you had some
Hit the beats, you won't have none
Big dream sale, you know platinum
Checks never deposit, just cash 'em
Summertime, triple eight vodka
Going out with my boys, looking proper
Used to be at the bottom with the other lobsters
Now I'm in the sky like birds and helicopters

Lifestyle switching, the illest up in the business
I'm hoping to make a killing
Get at me, get at me
Going coast to coast
Going coast to coast
We going coast to coast
Coast to coast (yeah)

On flights traveling to play songs
Two things, iPod and my Dre's on
Two things on my mind at the same time
Got to go both coasts on the same song

Gotta kill shit, no limit
I spit my heart out cause it's in this
The bridges, the beginning
Yeah something like the keys to my ignition
Come fly, yeah get a boarding pass
Too busy all day can't go to class
Still getting good grade, know I'm gonna pass
Hit the West Coast, I'm leaving last
Domestic, got a press kit
Side life girls impressed with
Girls strutting like they wont have sex with me
Yeah Right

Lifestyle switching, the illest up in the business
I'm hoping to make a killing
Get at me, get at me
Going coast to coast
Going coast to coast
We going coast to coast
Coast to coast
(2x)
