### [VERSE #1]

So this is how it starts  
Fucking crazy things are going in my head  
I don't give a damn of who you are  
Or where your from  
Because respect is the word you can't throw  
Feeling just don't come on a brow  
The blood and the fire infusing to higher places  
Where ill be getting stronger  
No one will dare to touch this soul  
Can take no stranger to remorse  
Of the dangers and powers he's got up his head  
And his parents are watching his shed  
Full of litter bitter thoughts  
Come on the minds of little children  
Why does he do that? or  
How does he do that?  
Is it cuz he's crazy?  
His mama's gone razy all up his ass  
So he can't get the cass  
To the power and strength  
That his balls gave him  
That turgidity in every nigga  
Just takes those words  
Leaves me in a world  
Where words speak louder than actions  
Well that's a caption  
For every single novel that these authors try to bowel  
And its so fucking crazy cuz what we all want is to be

### [Hook]

Free of all Free of all  
Just do whatever you want  
Whatever you want  
Never give a damn never give a damn  
Just do whatever you want  
Whatever you want

### [VERSE #2]

Did you know  
I guess you don't know  
That I was a kid

When you were a sid  
No one understands me now  
And I end up asking how?  
How could it be that after all these years  
There have been people who end up with tears  
All the tragedy  
Comes with a fantasy  
No its not lyrical  
No its not felicial  
I just said something that don't mean nothing  
You see the irony here  
You better be clear  
And if you ain't  
Cuz if you ain't  
I swear your mama's gonna faint  
Cuz you just offended my laws  
My ways of being in claws  
Never got eaten by animals  
Yeah that's why some are still cannibals  
So it doesn't mean you rule over me  
Or I rule over you  
But all it means is for us to be

[Hook]  
Free of all Free of all  
Just do whatever you want  
Whatever you want  
Never give a damn never give a damn  
Just do whatever you want  
Whatever you want

[VERSE #3]  
They ask you weather your first  
They ask you weather your last  
If you come in second place  
They ask you if you tied your lace  
It better be faster  
Cuz the people are stronger  
And it brings me back there  
Where there were people to care  
And they spit up and split up  
Their whole life together  
So maybe they got another  
Person to depend on  
Remove your fucking shoes off  
And put these new ones on  
I'm not teaching you  
Its just me or you  
But when you see me in your fucking shoes are in  
Gotta get through every chem  
Maybe that's what it was or ever it will be

But I wonder one day if it was  
And get it to the world cuz its fucking crazy man

[Hook]

Free of all Free of all  
Just do whatever you want  
Whatever you want  
Never give a damn never give a damn  
Just do whatever you want  
Whatever you want
