Its just a matter of time / Its just a matter of time
(Ohoooooa)
Its just a matter of time / Its just a matter of time
(Ohoooooa)

VERSE 1:

(Yo) Bullets be flying. People be dying /
Its just a matter of time, before mommas be crying /
But not mine /
That's what he's thinking while he's writing
his rhymes/
You can feel the words as he's reciting each line /
Maybe this time / He'll get some hype and get
signed /
Either way, he's not giving up / Fuck he's out of
his mind! /
Crazy, maybe Baby, but he's right back on his grind
/
Gotta respect his hustle. It's a struggle to climb /
But in what?... Just a couple more months, he'll be
fine /
At least in his mind / He's optimistic sometimes /
Maybe he's kidding himself . Maybe he's blind /
Or maybe they just can't see it. See what's
he's eyeing /
Eye sky high, like he's standing on Mount Si /
Hands up in the clouds, he's reaching for Cloud 9 /
Aiming rock bottom to the top, he keeps flying /
He hasn't quite taken off, yet he keeps trying /

CHORUS:

(Its just a matter of time / Its just a matter of time
(Ohoooooa)
Its just a matter of time / Its just a matter of time
(Ohoooooa)

VERSE 2:

Oh So you don't believe in me? / FINE /
That's ok, cuz I'll make it anyway / Bottom-
line /
That's what he's thinking... Nobody can even
change up his mind /

(It's hard to make it up in music and get signed) /
That's what THEY say all the time /
But I just pay 'em no mind /
Cuz I don't just write raps. I breathe life into rhymes
/
But I'd be lying if I said 'cause I don't make it,
Its fine /
Cuz being broke aint no joke / I'm sick of scrapping
for dimes /
Economy on hard times / Some people spirits decline /
They just screaming for an outlet. Hope that outlet is
mine /
Whether luck or devine / Camon now 'give me a
sign /
Let me know somehow if the stars do align /
Shine been due for some time, cuz all I do is just grind
/
If it wasn't for music, I'd probably loose it / Use
up a '9 /
But what keeps me sane and from losing my mind /
Is that at the end of the day, its just a matter of ... TIME
/

CHORUS:

Its just a matter of time / Its just a matter of time
(Ohoooooa)
Its just a matter of time / Its just a matter of time
(Ohoooooa)

VERSE 3:

In the back of my mind / It's a matter of time /
Before I soar and climb, rock a tour and shine /
I'm so sure this time / (Are you sure this time?) /
Willing to bet our life on it . Yup yours and mine /
x the world combined / (Yo you wasting your time) /
Shit you must be blind / Out of your *Bleeping* mind /
I be leaking prime /
Don't need to adjust your stereo. (No) Yo your
speaker's fine /
And I'm speeding, flying /
Coming up so fast past haters. Later get left behind /
Think I'm f-ing lying? / I be on my grind /
Got a bunch of rhymes that keep multiplying /
Tracks back to back, just like an assembly line /
Far from manufactured, baby. I'm undefined /
Don't take no rocket scientist to see brock can
rhyme /
Can't duplicate me baby / Sorry I'm one of a
kind
Its just a matter of time /

CHORUS:

Its just a matter of time / Its just a matter of time

(Ohoooooa)

Its just a matter of time / Its just a matter of time

(Ohoooooa)

(Guitar solo)

(Clock ticking outro)
