Hook:

Bang bang bang
She just wanna bang bang bang
She just wanna bang bang bang
IÂ'm sitting here sipping with it my nigga
And know she wanna do it.
Bang bang bang
She just wanna bang bang bang
She just wanna bang bang bang
IÂ'm sitting here sipping with it my nigga
And know she wanna do it.

Drink upon my shit, like she just pay for it,
Some shit that I just mix ainÂ't got no name for it,
She hap up in my whip back, do you slay for em,
ItÂ's been all of your cheeps after you say for,
I tell her shake it, shake it, yeah I tell her shake it for
real,
I tell her so everybody wall pictures hangin for real,
She used to dealing with niggas and bring that waiter
for real
IÂ'll lead that shit down long, IÂ'd rather wait on the
mill
I gotta waiting for real, she wanna bang now,
Just because she here, IÂ'll do my thing now,
Just because IÂ'll be on everything now,
So kissing me all over on the way down
And she go right back for some more,
But IÂ'm right back to the floor,
I donÂ't wipe my snickers off,
F*ck her right back to the stove,
IÂ'm too busy tell you no,
So IÂ'm right back at the dough
I just wanna take it off, she right back at the show
She wanna

Hold up, slow down, no I ainâ€™t tryin to kiss you,
Girl my niggas in this bitch so is bottle in the...
Iâ€™m faded, Iâ€™m buzzin, the via like a... hot,
I know them niggas hatin when we wallin in this bitch,
Iâ€™m in the house party and the DJ yell â€™switchâ€™
Hold up, slow down, you know my niggas on it,
We winninâ€™, we jinnin and your bitch ainâ€™t here Patron
and
Iâ€™m rollin, Iâ€™m smokin, weâ€™re gone off that loud,
Iâ€™m somewhere in the air, shakinâ€™ hands with the

Where you at, way down, you still grab the surface
Itâ€™s just that we baby donâ€™t be getting nervous,
Huh, â€™cause all you wanna do is hang,
But all I need you to do is oh.
