I was wrong, I ever Trusted you (Shame On Me) I loved
you and now your gone. I thought it was more than a
feeling, though I knew there was something WRONG.

CHORUS-

now I down deep inside hurt more than anything, how
can you tell someone you love them than leave?

MY Best Friend Racheal S
Told Me it's for the best

I cant get over it,
gotta get over it

How can you tell me you love me than leave?

CHORUS X2

it's SO damn complicated
it's more than over rated

what the Hell is life gonna do now

CHORUS
