Can you handle them?
Can you take them in?
Can you do, what you're always wanted to
Always something happens
Right middle of sweet stuff and laughter
Can you handle
Can you handle them

CHORUS

Bad things
Bad things
Walking through the earth
Bad things
Bad things
They were, they are, they was
Bad moving
To worse moving
Suddenly
Life is nothing but bad things

Can you handle them?
Can you take them in?
Can you do, what is only upto you
Always something happens
Right middle of sweet stuff no one cares bout you
Right now you wanna cry for you

CHORUS

Bad thing
Bad thing goes on
Suddenly
Not a bad thing
It's a good thing
We only imagine
Our lives cry.....

CHORUS
