True story

thats how we do

yeah

uh

[verse]

Ayo

My nights are getting long

while my days are gettin shorter

you live for the moment

then that moment is gone

man i need me a moment

i need some moment alone

to think think to myself

cause all my peoples are gone

Rest In Peace Big Ced

man your memory lives on

the block is hot

what is everybody on

young brothers are dying

innocent being victims

very intellectual

a smart young brother

I AM malcom x

I AM underage drinking

young girls having sex

putting moms through stress

Lord please forgive em

they don't what they're doing

look at me fam

i'm growing up now

daddies lil boy

mama's proud and joy

WHO AM I

i am the truth

i am the voice

yeah

musical keys

till i breathes my last breath

i'm up next

[Chorus]

my nights are getting colder  
can't hold on any longer  
I gotta hold on for better days  
wipe the tears from my eyes  
no woman no cry  
lets get away  
lets get away  
lets get awayyyyyy  
lets get away  
lets get away  
lets get awayyyyyy

[Verse]

i been liven  
quite a minute  
but i ain't feeline lively  
waking up every morning  
and asking god  
why me  
uh  
dreams of the game  
uh  
wash by the rain  
its always dark out  
even with the sun shining  
the industry over look me  
without even trying me  
but see  
everything they not  
is everything i'm tryna be  
will i make it  
will i live  
if i make it  
it will i give  
will i make it to the top  
if i do  
i'll never live  
will i fold  
never blow  
give up and then quit  
or will i get to picture  
what it takes to believe  
will i reach to higher heights  
to places i wanna go  
or will i be the best  
and stillâ€¦  
be on the low  
how many people in this world are liven this way  
it seems like GOD forgot us in this sick place  
fighting this lost battle

till this day  
but i'm alive and breathing  
so its still a good day  
hey

[Chorus]  
my nights are getting colder  
can't hold on any longer  
I gotta hold on for better days  
wipe the tears from my eyes  
no woman no cry  
lets get away  
lets get away  
lets get awayyyyyy  
lets get away  
lets get away  
lets get awayyyyyy

shy little girl  
confuse about the world  
looking to her parents  
but they don't understand this  
fight and argue  
is all they did  
if you feel what i'm saying  
then bump your head  
say hey young world  
this is coming from your girl  
if you wanna get away  
just press play  
when music hits you feel no pain  
so i bump the stevie and bob marley

[Chorus]  
my nights are getting colder  
can't hold on any longer  
I gotta hold on for better days  
wipe the tears from my eyes  
no woman no cry  
lets get away  
lets get away  
lets get awayyyyyy  
lets get away  
lets get away  
lets get awayyyyyy

[Fade]  
my nights are getting colder  
can't hold on any longer  
I gotta hold on for better days  
wipe the tears from my eyes

no woman no cry  
lets get away  
get away  
get awayyyyyy  
lets get away  
get away  
get awayyyyyy
