She sits alone by the fire  
While I stare blankly in the mirror  
She's sewing the sail, while I'm breaking the  
boat  
And I don't know, I just don't know

And all I know is what I feel...

All I know, is what I feel  
And all I feel is staring back at me  
I can't keep lying to myself anymore  
I can't keep pretending

She sits alone by the fire  
While I stare blankly in the mirror  
She's sewing the sail, while I'm breaking the  
boat  
And I don't know, I just don't know

She sits alone by the fire  
While I stare blankly in the mirror  
She's sewing the sail, while I'm breaking the  
boat  
And I'm failing, falling, and dying cause

Oceans are wide  
And I don't know if I can do this  
Separation has never done its part  
In building a chain

Cause it's so tangible  
This love, is it something we can rely on?  
We know all the stories of  
Deceit and Lust,

This structure will fall  
Or is it strong enough  
I closed so many roads  
To end the pain and loss

But we've never been so honest before  
Just the thought of you walking out the door

Should I speak my mind or with my heart?  
Cause I can't tell the difference anymore

They began to co-exist  
It was all so easy  
Instead of miles, it was short walks apart  
But how do I even start?

Who knew we would come this far?  
To be placed even farther  
You're my world, And I won't let  
The horizon take you from me now

No, these stitches you've sewn me  
I'll never forget  
Cause these stitches are a symbol,  
Of how you saved me

So If you go, And I stay  
Promise you'll remember me  
Cause ill always remeber;
