I never learned to apologize  
But it's no worse than your apathetic lies  
Your plan hasn't been slowed down yet  
But the worst is yet to come

Can't you see this?  
Can't you feel this?  
All falling away with every day that goes by  
Why do the blind lead the blind

Of bad intentions, your eyes are tunnel visioned  
If only you could see the world through my eyes  
Only hearing the words that you want to hear  
You can't predict this coming  
So silence the sea,  
With your thoughts and reason  
But nature's unpredictable  
Much like me

Like me!  
Silence!  
You'll never know!

Analyzing and Criticizing  
The strongest of opinions hold the weakest of hearts  
So I move my pawn and wait for hours  
To finally hear you agree,  
"Check Mate"

Of bad intentions, your eyes are tunnel visioned  
If only you could see the world through my eyes  
Only hearing the words that you want to hear  
You can't predict this coming  
So silence the sea,  
With your thoughts and reason  
But nature's unpredictable  
Much like me

I'm unpredictable, always changing  
My intentions, just like you  
You'll never know, you see right through me  
You'll never know, I know more than you

Silence what you can't keep quiet  
You mean less and less to me
