Well I've been pacing up and down your drive.
Trying to get the nerve affirm that I'm the only one
who you should give of your affection.

But you were watching me from your window.
Your bag was packed and your were rearing to go
along with me.
And on this ride all my attention you've got.

Ooooo.
I could tell by the way you were looking at me I was
found.
You counted down you watched my every move.
Like a blindman finally seeing something.
I've been finding every road has led to you.
But hey all I've ever wanted is to play hide and seek
oh for two.

Well under the setting sun we started off and played
this game.
You are it and I'm on the run.
I know I'll never be the same again.
Well everything I've ever dreamed of you've got.

Ooooo.
I could tell by the way you were looking for me I was
found.
For you counted down you knew my every move.
Like a wiseman holding all the answers.
I've been swimming in a crowded pool of fools.
Hey but all I've ever wanted...

Oh you say you'll take me just the way I am.
Without the welcome mat and I want you yeah.
Light the candles and we'll start again.
I'm going to count to ten then come find you.
You know I've gotta find you.

Ooooo.
Can you tell by the way I'm looking at you this is real?
Well this is how I feel.
I'm falling into you.

Like an agoraphobic's gotta dive in.
I jumped out and I left my parachute.
You see all I've ever wanted is to play hide and seek
with only you.
