[Intro]

Crush a bit, little bit, roll it up, take a hit  
Crush a bit, little bit, roll it up, take a hit  
Feeling lit, feeling light, 2 AM, summer night  
hands on the wheel, uhh, fuck that

[Verse 1]

Life for me is just weed and brews  
See the hoes flock to you when your name is Q  
Am I over-faded? Hell yeah it's true  
Turn a beat on, ain't no limit to what I can do  
See this Top Dawg in heat, but I'm a fuck the world  
I'mma be on tunes 'til God re-furls  
You sat me down, I'm still tryna get higher  
You looked at me stupid when I twisted the fire  
Meanwhile my nigga drunk as fuck  
A nigga fucked up, we all fucked up  
You done fucked up, I brought more blunts  
Smoke back to up, you niggas know what's up  
Too damn high, can't stand myself  
I love drunk driving, man I'm something else  
Heat on my side, you're more than welcome to melt  
I'm 'bout to finish a pound, you're more welcome to  
help

[Hook]

Weed and brews, weed and brews  
Life for me is just weed and brews  
I fucked her once, then I could fuck her twice  
Yeah, you heard me right, I might fuck tonight

[Verse 2: ASAP Rocky]

Wait hold up, back in this mothafuckin' bitch once  
again

It's the pretty mothafucka with a 40 ounce of brew  
My nigga Q and we drunker than a bitch  
We gettin' millis mothafucka yeah, uh  
Nigga weed and brews, unbelievable  
Got a freak or two, in my vehicle  
Got the purple drink, got the yellow drink  
Then we mix it up, call it Pikachu  
With a little bit of crack, little bit of dope  
Little bit of smoke, little coke  
Little weed, when they on them pills  
Little bit of E, little bit of shrooms

Little bit of deuce, what it do, hand on the wheels  
And I keep the illest, trillest bitches while I'm swaggin' it  
Crush a bit, little bit, that's my pursuit of happiness

[Hook]

[Verse 3]

If I fucked her once, then I could fuck her twice  
Yeah you heard me righ,I right fuck tonight  
If I fucked her once, then I could fuck her twice  
Yeah you heard me righ,I right fuck tonight

[Hook]

If I can fuck her once then,I can fuck her twice  
Never fucked her twice,I might change her life  
If I change her life,she might hit my weed  
We could have a some and we could run off with three  
Her, Mary, and me, I'll keep it strictly G  
My philosophy upon living right  
Nigga weed and brews'n that every night  
Hope the pussy nice, cause I'mma fight the bitch  
Beat it down and shit, I be clowning with  
Black Hippy crew, how swag am I  
Be the reason why, she wanna drown my dick  
But soon realized, she was super dry  
No paper planes, the Vegas will fly  
Don't act surprised, too much Loc inside  
Let's get stupid high, to where I can't reply  
Love smokin' dope, I won't compromise
