[Verse 1: ScHoolboy Q]

Yo, I'm started up. Let's go  
Dippin' through your solar system  
Hopefully steal your heart, you be the victim  
No I wouldn't share  
Hey, I did the crime, now close your eyes  
Let me ease your mind, I won't steer you blind  
Came right on time, just keep behind  
Let me guide the way, It's your lucky day  
Let's fornicate, play the way that grown ups play  
Teach you how to drive a stick baby girl it'll be okay  
First gear, second gear, third gear, hell yeah  
Panties droppin' I can treat her proper  
Puff my pass in your? let me be your doctor  
I can please you right, let me give you live  
Little CPR, Can I use your car?  
Metal to the floor, see you drive me hard  
You's a superstar let me be your bodyguard  
Wetter than tsunami, lord, Let me dive in  
Through your tidal wave  
Now be amazed

[Hook: ScHoolboy Q & Jhene Aiko]

Scorpio, sex drive  
Gemini, sex drive (Pisces)  
Sex drive (Virgo)  
Sex drive (Aquarius)  
Sex drive (Saggitarius)  
Let me be your sex drive  
Satisfaction fills me up inside  
Can you turn me on?  
Be my sex right only if your sex is right  
Can you cut me on?

[Verse 2: ScHoolboy Q]

As the world spins, we gain power  
You stay on wet, you a stormy shower  
Mind fuck you girl, undress you we can fuck for hours  
Day and night, no rubbers we love this, no covers  
Freak you with my tongue, you also go down where I'm

hung  
Open up, a chapter begun, we can build like a factory  
hun  
? sits right on the sun  
Solar eclipse as soon as I cum, soon as we cum  
?  
We cruise, you done won my heart over, how can we  
lose  
From a fantasy to real life, you I choose  
Came a long way from fuckin' friends we was due  
Just me and you, ooh, just me and you  
Never scared of commitment, see you my boo  
We can get ghost, get lost, and the bond is true  
Flying through the city, clouds,?  
Saying vows, fuck around and have a child

Repeat Hook

[Bridge: Jhene] x2

Break me down and build me up again  
Love me 'til the sun comes up and then  
We can fuck and fuck and fuck again
