[Verse 1]

Black cars
Super nice outfits
From designer names
You can't even pronounce yet
But you can have it if you'll just give in
The simple price you'll pay
Just to know my government name
So keep your head from above the clouds
Just come down to earth
You gotta move real quick
Don't make me think twice about it

[Pre-hook]

Cuz if I like the way you grab me
When we're dancin' on this floor
If you pull me close
I'll whisper in your ear
Tell you my government name
So babe keep a secret
While we're dancin' to this beat if
I feel it gettin' deeper
Play it louder
You can know my government name

[Hook]

Oooohhhh
Isn't this what you've been wantin'
Afterwards I'll tell you what you wanna know
Just look into my eyes and
You can see my body go
A oh a a ah
That's what I call my government name
A oh a a ah um nah

[Verse 2]

He said he wants to know my
Alias, alias name
But until you prove yourself
You should be
Just be glad you came

Cuz I'm not the type of chick
That just lets it all out
But if you want it
You can get it
Baby ask and you'll receive it
So, oooooohhhh
Don't move too slow
No oo ooohhhh oooo aaaa
You gotta move real quick
Don't make me think twice about it

[Pre-hook]

Cuz if I like the way you grab me
When we're dancin' on this floor
If you pull me close
I'll whisper in your ear
Tell you my government name
So babe keep a secret
While we're dancin' to this beat if
I feel it gettin' deeper
Play it louder
You can know my government name

[Hook]

Oooohhhh
Isn't this what you've been wantin'
Afterwards I'll tell you what you wanna know
Just look into my eyes and
You can see my body go
Oooohhhh
Isn't this what you've been wantin'
Afterwards I'll tell you what you wanna know
Just look into my eyes and
You can see my body go
A oh a a ah
