"Gods Are Galloping"

Visit "[Gods Are Galloping](#)" on MotoLyrics.com

Gods are galloping and their swords are blood soked
And traversing the boundless sky

Fall of the half dead bodies in a lagoon of blood clot

Fall of the half dead bodies in a lagoon of blood clot

Gods will prostrate befor you and hold you responsible
for their unforgivable sins

Nobody will help you
Bury your body

Nobody will help you
Bury your body

Gods are galloping and their swords are blood soked
And traversing the boundless sky

Fall of the half dead bodies in a lagoon of blood clot

Fall of the half dead bodies in a lagoon of blood clot
