swarm of angels on their way to hell

chains that have composed a disharmonious symphony

resurrection of gods is about to happen

the lantern of the leader of the infernals is distinguishing

as the gates of hell are opening

ambiguous sounds are being heard

verses that no prophet has ever told to his people

in fact what can be said about renegade angel?

in this darkness even the limpidity of water is not perceptible

the blood which is as wide as the hell

swarm of angels on their way to hell

chains that have composed a disharmonious symphony

resurrection of gods is about to happen
