I haven't seen you in a while, see your come up or your smile,
But I'm staring at your number wondering when I should dial.
But you're good, you're looking good, I hope that you've been cool.
I know the things have changed since freshmen year, when we was back in school.
See, I was in the hoop team, glad to see you cheering, Thinking how you used to love it when I kissed you by your earring.
But I'm older and you're older, connection's growing colder,
But I keep that feeling mixed inside like alcohol and soda.
Then you call, heard your voice and those feelings came right back to me,
It's sad to see your ex's didn't treat you like I can, you see,
It's different, now I've changed, wish you could feel the same,
But it's hard, because relationships bring happiness and pain.
When your laughter turned to pain I wouldn't even show you pity
But in pain were you happy, 'cause you wasn't happy with me,
They say people change, but I really hope your number doesn't,
When I call, I'm just waiting here until you hear it buzzing.
I'm just saying that I miss you, I just hope you is in plane,
It's crazy how you playin, like you never felt the same.
It's crazy how you playin, like you never felt the same.
Like you never felt the same.

When I fall asleep I feel you with me
To fall asleep and you are with me.

I know my absence has got you feeling uneven,
We've been together since I was nerdy like Urkel

Steven.

But now I'm on tour and I find myself barely breathing,
I wish I could've seen you before I took flight this
evening.

Gone for months, I come back for a week and then I'm
gone again,

Thinking 'bout you, 'cause I smell your perfume on my
cardigan.

I be acting dumb sometimes, I know I'm not the
smartest man,

Hoes be wanting pictures, but, baby, I'm just an artist,
damn.

Overall, you know I got you, 'cause you had me when I
was broke, like, nigga, I spot you.

Oovoo in the a.m., right now you're probably sleeping,
Our time zones is different, so I'll be sure not to sleep
in.

When I fall asleep I feel you with me,
When I fall asleep I feel you with me,
When I fall asleep I feel you with me,
To fall asleep and you are with me.
