Is it something I do? Is it something I say?
Every time I'm with you, I see you looking away
They say the eyes are the soul, the doorway straight to
your heart
If you won't ever stay close, it's like I just cut a fart

Don't look away, baby, please don't look away
Stare me straight in the eyes, your hands between my
thighs
So please don't look away

Baby, give me some time so I can make up my mind
Just know that it isn't you. These feelings make me so
blue
I'm trying real hard to find the one that makes me feel
right
'Til then I guess that it's you; that's just the best I can
do

So I'll look away, baby, yes, I'll look away
I can't take your eyes; for you I see the lies
So I will look away

Don't look away
I think I'll look away
Please don't look away
Yes, I'll look away
Stare me straight in the eyes
I can't take your eyes
Your hands between my thighs
For you I see the lies

Don't look away
I think I'll look away
Fill me up inside
You make me wanna go hide
Please don't
I think I'll
Look away
