I don't know where you go,  
Don't really want to know this time,  
Not this time.

Your loves start falling soon,  
At night I'm so alone,  
At night you were here.

You said, baby, that you wanted to go away with me.  
Come on, baby, tell me, is it true?  
Do you want to?

Always the last to know, you never tell me so  
So I'll go, so I'll go.

You said, baby, that you wanted to go away with me.  
Come on, baby, tell me, is it true?  
Do you want to?

Every day I am left wondering,  
Every day I am left wondering,  
Every day I am left wondering,  
Every day I am left wondering.  
Wondering.
