"What You Wanted"

Visit "[What You Wanted](#)" on MotoLyrics.com

You've been waiting for
Something you've forgotten
You've been waiting for
Something that you wanted
So long
You're too old now

I was at the bottom
You were standing still
Waiting in the garden
The foot of the hill
So long
You're too old now

Every day that you let slip away
Every day you let go by
Try to save someone from your mistake
Try to save someone like you

You've been waiting for
Something you've forgotten
You've been waiting for
Something that you wanted
So long
You're too old now

So long
You're too old now
