What goes around comes around
Line em™ up we'll knock em™ down
Every doubt you had in mind
Will leave swiftly just in time

To see me as I'm leaving you behind
I'll see you on the other side

I lent you my thoughts of reverie
But all you could ever hear was absurdity
You said that I'm enough to make it through
I'd said that I would make it in spite of you
In spite of you

I said I'd show you
And I did
But this trap you set for me
Snared yourself instead
I said I'd show you
And I did
But this trap you set for me
Set me free
Free

I'll take the road less traveled on
I'll test my luck until I've won

So What goes around comes around
Line em up we'll knock em down
Every doubt you had in mind
Will leave swiftly just in time
To see me as I'm leaving you behind

I lent you my thoughts of reverie
But all you could ever hear was absurdity
You said that I'm enough to make it through
I'd said that I would make it in spite of you

I can hear it from behind
That this isn't how I should be living my life
Say it to my face
That I will never escape here

But when the dust settles
I wont be there
