There's so much left to say about this  
All signs point to what spills from your lips  
You've got your wish

If there's a chance that this could lead  
All of us towards living our dreams  
Then baby there's not a chance I'd stay

You've been one thing to me  
A shadow chasing me  
Away from everything  
It seems like yesterday  
I threw my life away  
But I can say my doors are opening  
Never look back  
Tread a new path  
Just walk away, just walk away  
Away from everything

And know if there's a chance that this could lead  
All of us towards living our dreams  
Then baby there's not a chance I'd stay

As I walk in your shadow  
Every day an uphill battle  
But there's a light at the end of this tunnel

I need to find a way out of here  
Turn my back on this and just disappear  
Don't be surprised when you see me walk out that door  
I can't take anymore  
It seems like yesterday  
I threw my life away  
But I can say my doors are opening  
Never look back  
Tread a new path  
Just walk away, just walk away  
Away from everything

And know if there's a chance that this could lead  
All of us towards living our dreams  
Then baby there's not a chance I'd stay
