Visit "[For My Future Story](#)" on MotoLyrics.com

I just want to sing a song.. singing for my future..

Under a bright sky I make a sacred promise for you
To make a greatest future story
We will become true lovers here
Until the end of time

Stay in my heart
You will be a glowing heaven inside
Don't go away
Because God gives someone for you

Let's begin this story and trust to me
I will be your destiny
Together with me for a better future
You are mine

I will be yours
Oooo
I will be yours
forever.....
