Hold the door to your misery, run away from your
history.

Open your eyes, see what you will find.

Is it me you left behind?

[Chorus]

See what I wanted, see what I need, from you.

If you stay you will be like me, stuck for all eternity.

Forget about those painful days, find the key to your
new ways.

[Chorus]

See what I wanted, see what I need,

See what I wanted, can't you see what I need, from you.

See what I wanted, see what I need,

See what I wanted can't you see what I need from you.
