Day, daydreaming
Easy, easy escaping
Somewhere someone is waiting
Daydreaming

Seasons change
High low tide
I feel stuck between the lines that I write to you
They never get sent but always true
Daydreaming

In the middle of the night
I've been calling it out in the night
In the middle of the night
I've been calling it out in the night

Day, daydreaming
Sleeping, sleeping for ages
Leaving, looking for changes
Daydreaming

My friends find a way in life
Wilderness has seen my mind
How I tried get it out
It always comes back in the middle of the night

In the middle of the night
I've been calling it out in the night
In the middle of the night
I've been calling it out in the night
In the middle of the night
I've been calling it out in the night
In the middle of the night
I've been calling it out in the night

Day, daydreaming
Easy, easy escaping
Daydreaming
