"Earthquakes"

Visit "[Earthquakes](#)" on MotoLyrics.com

Born to remember earthquakes
When the ground shakes
We're as one
Family, we're not family
But we're standing at the same edge

I've gone to close
I'm always close to you
Always close to you

I've gone to close
I'm always close to you
Always close to you

We are the same kind
But in different time and town
Thunder, the sound of thunder
Can you see the lightning from where you are

I've gone to close
I'm always close to you
Always close to you

I've gone to close
I'm always close to you
Always close to you
