Let's go to the beach
Please let's go to the wave
They say what they're gonna say
Have I swim, swim found a bottle
Oh swimmers like me its hard to not float

The floaters is for you young
I'm waiting, are you gonna swim?
I've got this in my own bed
I'mma blow the hole of the balloon

Get on the pool, pool
I love to swim
In vacations, yeah
Get on the pool

Get on the pool, pool
Like you love to swim
In vacations, yeah
Get on the pool

Swimming is so fun
Vacations are times for it
But not too long or you'll get sick
But don't get so wet or you will slip

Swimming is so fun
Vacations are times for it
But not too long or you'll get sick
But don't get so wet or you will slip

But not so long or you'll get sick
But don't get so wet or you will slip

Tumbling to my swimming pool
No, not that
Maybe not to sing on Mon.
No, not that
But swim all you want and swim all you like
Swim all night like there's no ending sight
But don't forget your goggles

Get on the pool, pool
I love to swim
In vacations, yeah
Get on the pool

Get on the pool, pool
like you love to swim
In vacations, yeah
Get on the pool

Swimming is so fun
Vacations are times for it
But not too long or you'll get sick
But don't get so wet or you will slip

Swimming is so fun
Vacations are times for it
But not too long or you'll get sick
But don't get so wet or you will slip

But not too long or you'll get sick
But don't get so wet or you will slip

Swimming is so fun
Vacations are times for it
But not too long or you'll get sick
But don't get so wet or you will slip

Swimming is so fun
Vacations are times for it
But not too long or you'll get sick
But don't get so wet or you will slip

But not too long or you'll get sick
But don't get so wet or you will slip
