I get a feeling maybe some thing's wrong  
Everyday that she hasn't called  
It's getting difficult since Debbie's been gone  
Yeah, Debbie is gone, yeah

Clearly something went wrong  
How long since you last seen her?  
About a week, I thought we had fun  
Better go out seek her

Debbie's gone, where can she be, it's such a mystery  
Debbie's gone, why can't she see that she's better off  
with me  
Don't leave me hanging 'cause I've got to know right  
now  
Debbie

I came around to see if you were home  
Your car was parked right next to Jerome's  
It's getting harder now that Debbie is gone  
Yeah, Debbie is gone, yeah

Clearly something went wrong  
How long since you last seen her?  
About a year, I thought we had fun  
Better go out seek her

Debbie's gone, where can she be, it's such a mystery  
Debbie's gone, why can't she see that she's better off  
with me  
Don't leave me hanging 'cause I've got to know right  
now  
Debbie
