Come on baby why the long face  
You're messing up my headspace  
Now I can see you've had a long day  
Let's talk about it anyway

Hey, there's a million ways to do the same thing  
Don't you know that if you've got problems  
That I'm here to help you solve them now?

Look, I'm only trying to help, I'm only trying to help  
I'm only trying to make it through another day  
I'm only trying to make it through another day

Now, I don't always say the right thing  
So let me make it better  
I try to write it down  
But you go tearing up my letter

Hey, there's a million ways to do the same thing  
I know I don't always get it  
But you gotta give me credit now

Look, I'm only trying to help, I'm only trying to help  
I'm only trying to make it through another day  
Look, I'm only trying to help, I'm only trying to help  
I'm only trying to make it through another day

Look, I'm only trying to help, I'm only trying to help  
I'm only trying to make it through another day  
Look, I'm only trying to make it through another day

Communication shakedown  
It's always the same thing  
You're still my favorite meltdown  
I give you everything

I've seen this movie before  
We give we take even more  
You're still the team I am for  
[Incomprehensible]

Look, I'm only trying to help, I'm only trying to help

I'm only trying to make it through another day  
Look, I'm only trying to help, I'm only trying to help  
I'm only trying to, let me get my love  
[Incomprehensible]
