I leave my pride inside my mind  
I let this fear surround me  
I take this lifeless face you wear  
And let it burn in my memory  
A memory, a memory, a pain that blinds

Your skin, so cold, it seems so lifeless  
I take your soul with me and die

I find it hard to shake this pain  
It wraps itself around me  
I try so hard to find this place  
This place where they, they won't find me  
A memory, a memory, a pain that blinds

Your skin, so cold, it seems so lifeless  
I take your soul with me and die

Memory, a memory, this pain that blinds  
Memory, a memory, this pain that blinds

Can't you see  
No one will leave

The light will set you free  
Twist your mind, my lie  
No worries they can see  
Change your mind and watch you  
Life, me; two to talk, make them see  
Life, me; watch you, watch you die

Life, life, who said we'll see

Memory, this memory, this pain that blinds (Awake)  
Memory, this memory, this pain that blinds (Awake)

Can't you see me alive, see me fantasize (Awake)  
Can you make them see, watch you (Awake)  
Took a life, can't you see, makes no sense (Awake)  
Can you see me, see (Wake)  
Watch you; Reality, me, life  
Send me home; send me home

Send me home; if there's a way try (Awake)

Did you find me, just to see me, freedom

I don't feel you talking to me

I don't like you talking to me

See me, set me free

Lifeless come

Lifeless
