with this mouth of mine
i can take my time
it could be so right
but it could take all the time
so take this mouth of mine
and fix your gaze inside
this could change your mind
this could change your life

with my back against the wall
i wanted it all i wanted it all
its all i ever wanted
getting it all getting it all
with my back against the wall
this is all i ever wanted
and i'm getting it all getting it all

with this mouth of mine
as your faith will guide
if you let me take my time
i will make so right

with my back against the wall
i wanted it all i wanted it all
its all i ever wanted
getting it all getting it all
with my back against the wall
this is all i ever wanted
and i'm getting it all getting it all

we are the voice and the message
we're alone were not scared [x2]

we are the voice we are the message

with my back against the wall
he was all i ever wanted
with my back against the wall
i wanted it all i wanted it all
its all i ever wanted
getting it all getting it all
with my back against the wall

this is all i ever wanted
and i'm getting it all getting it all
