Take my heart and twist it all around  
It's confusing, but I think that I have found  
Someone to talk to tell you everything that's new  
But there's something in the way and it sure as hell  
'aint you

[Chorus]

You can take me to the river and then watch me shiver  
'cause my innocence is broken again  
I can't remember, you know I can't remember when my  
honesty was broken again  
We are the sinners but she, she is a winner, it's insane  
to talk about it again  
She doesn't believe me, as if she ever sees me and  
she's never gonna see me again

I hardly know her and she thinks that she knows me  
Thinks I have to tell her everything I see  
I'm wishing everything that you tell me isn't true  
Obsession is not a good thing, God what am I gonna  
do?

[Chorus]

I am looking to the left I am looking to the right  
Try to make a plan, try to see the light  
Ya I don't know what to do, but I sure hope things will  
last  
Hopefully she won't spazz out and kick someone's ass  
But it is good, it is bad, it is all of the above  
If you were ever disappointed you could join the club  
But you feel bad, I feel bad about it too  
And that is not important 'cause I got the same state of  
mind as you!

I am in the same state of mind as you  
You're in the same state of mind as me  
I'm in the same state of mind as you  
You got the same state of mind  
AS YOU!

We're in the same state of mind ...
