#### Intro

Gotta give her a call! Damn!

#### Chorus

I want some girl come let's meet up  
You got that touch you set me up  
You a pretty girl you get me up  
Now that I'm up come sex me up (up)  
Come lets meet up (up)  
You set me up (up)  
Come get me up (up)  
Come sex me up

#### Verse 1

Get nasty, show you what I'm bout  
Once I'm in, I ain't ever coming out  
Ain't no cop but I got handcuffs  
I got that tongue that'll make you got nuts  
Do my two-step when I dance  
You get me up look, no hands  
Do the do come, let's jam  
Got that effect that'll make you say damn  
You look good, come get outta dress  
God blessed you now its your time to bless  
Start from her lips, move down to her chest  
Get a little lower (ha) what's next?

#### Chorus

I want some girl come let's meet up  
You got that touch you set me up  
You a pretty girl you get me up  
Now that I'm up come sex me up (up)  
Come lets meet up (up)  
You set me up (up)  
Come get me up (up)  
Come sex me up

#### Verse 2

We can take it to the kitchen  
Show you what you missin'  
Now on the table  
Show you what I'm able,

To do,  
Move,  
Right to the coupe,  
Even where we spit we can do it in the booth  
Anyway you want I speak that truth  
Tub or the floor girl, you choose  
You in the bed girl, good news  
You can drop it like its hot girl, get loose  
Do it in the seat  
You can ride to the beat  
Do it in the couch make you hurt say "ouch"  
Do it in shower, feel that steam  
Now shake it up and and taste that cream

#### Chorus

I want some girl come let's meet up  
You got that touch you set me up  
You a pretty girl you get me up  
Now that I'm up come sex me up (up)  
Come lets meet up (up)  
You set me up (up)  
Come get me up (up)  
Come sex me up
