Up in the air's that everything it takes  
We got an entrance baby you know how we bump  
No if, ands, or maybes all sparkles from the jump  
Up and down, in and out, round and round we crazy  
just blastit  
Yea yea yea, we racin' towards freedom  
Fuck some change we don't need 'em we don't see  
dem  
They talk shit around our back so sting 'em  
Think all is fresh yes me and you that we bring 'em  
All them dollars well its about us that they singin'  
We do our thing and everything is how we sees 'em  
Hey hey hey I know it happened so fast  
We won't crash we gonna last they better ask how we  
blastit!  
In the starlight underneath the moonlight  
Street lights, club lights especially candlelights  
Hey man, everybody think they know  
But from the inside I can say they don't know shit  
God, I'm about to take this chance  
But you turn the music up we about to dance
