Blast it
Blast it
Blast it
Blast it
Blast it
Blast it
Blast it
Blast it
Blast it

Everything it is that everything it takes
We got it in turns baby
You know how we bump
No offense ..from the jump
Up and down in the out
Round around it's crazy
Just blast it

We raise and ..freedom
f*ck and change
we don't need em, we don't see them
blast it, they talk shit man I .. sting them
All this ..we bring em
All the balance .. they're singing
We do out thing and everything is how we ..
I know it happen so fast
We gonna crash, we gonna ... the ass
.. like underneath the moon
Light street, light club, light ..
we can't delight we blast it
everybody think they know
but from the inside I can say they don't know.
blast it, got em ..this chance
b*tch you turn the music up and we're about to dance
not a ..shit.

Blast it
Blast it
Blast it

Thanks to garbo
