Running " on the road to nowhere
Time is - passing on
Now that " all hope is gone and
The end will be violent
So little time, my agony

Now the dark creeps in
Soon I will sleep
For all eternity

Somewhere out there (there)
Lie all our dreams (dreams)
Once enchanted
Now deceptive
Drifting through dark
The change in seasons
Give me reasons
For this treason

Darkness " covers these lands
Silence " the end is near
Something " hides in (the) shadow
Someone breaths and waits
Forgotten life, a mercy of night

Now the dark creeps in
Soon I will sleep
For all eternity

(CHORUS)

Now the dark creeps in
Soon I will sleep
For all eternity

(CHORUS)
