They hollering out my name

Before I step up out the car

They know we get the dough

Blow the dro & buy the bar

Like everywhere we go

They know who we are

I pull up on the scene

I'm Sumthin' Like A Star

They hollering out my name

Before I step up out the car

They know we get the dough

Blow the dro & buy the bar

Like everywhere we go

They know who we are [They know who we are]

[1st verse]

(Shagg Colie)

I hop up out the car

Splitting my cigar

They hollering out my name

I'm Sumthin' Like A Star

We bout to buy the bar

So get them bottle popping

You see how fresh I am

Yes I do a lot of shopping

It's a wonderful feeling

When you living how I'm living

Like every where I go
I'm center of attention
Homies who blow the budz
Show me love and give me dap
Shawties be taking pictures
And they want them autographed [They know who we
are]
They love it when I hit the stage
Cause I do me
Lights! Cameras! Action
Like a movie
When I be on the scene
Don't I be with my Gs
Don't I be fresh and clean
Don't I be stacking cheese
It's Dark House baby
I'm Camp Dark crazy
A thank my mama for it
Because that's the way she made me
I know them haters hate me
But I don't give a damn
Because every where I go
They know who I am

[Chorus]
(Iz Divyn)

I pull up on the scene
I'm Sumthin' Like A Star
They hollering out my name
Before I step up out the car

They know we get the dough
Blow the dro & buy the bar
Like everywhere we go
They know who we are

I pull up on the scene
I'm Sumthin' Like A Star
They hollering out my name
Before I step up out the car

[2nd verse]
(ReUp Tha Boss)

Team blowing green sipping lean

These niggas tipping hoes
But these hoes tipping me
I'm trying to make where
The whole world gon remember me
Plus they same the game is sick
We got the remedy
I pull up to the front
I hop up out the whip [out the whip]
Soon as we hit the bar
Yes we pulling out the grip [pulling ou that grip]
This rap shit easy
I do it in my dreams
And it ain't ordinary
We do it like some kings
It's Four Fifteen (415)
You know we stacking megabucks
Trying to reach the next level
You never can settle us
We grind for cheddar bruh
Push it to the limits
And they be with the gimmicks
That's why we independent [They know who we are]
D.H.C
Got these hoes straight reckless
You might not like it
But you're gonna respect it
Compare us to some legends
We be making hits
